

**IETE NEWSLETTER****Institution of Electronics & Telecommunication Engineers
Kalaburagi Centre, Kalaburagi**

VTU Regional Office, Rajapura, Kusnoor Road, KALABURAGI – 585 106.

MESSAGE FROM THE CHAIRMAN

Dear Members,

It is my great pleasure to extend heartfelt greetings to the readers of the first issue of the IETE Kalaburagi Center's Newsletter for Volume 3, Issue 1, January - April 2024 edition. To give a recap IETE Kalaburagi center started as the IETE subcenter of IETE Hyderabad in the year 2020, and IETE Kalaburagi subcenter is upgraded to the IETE Kalaburagi center in November 2022 with the great efforts of Dr. Basavaraj Gadge, Governing council member, IETE New Delhi and Dr. Shubangi D. C Immediate Past Chairman, IETE Kalaburagi Center and Nominated Governing Council Member, IETE, New Delhi.

IETE Kalaburagi Center was established in November 2022 with the primary responsibility of promoting IETE activities at the regional level and looking after the interests of the Electronics, Computers, and Telecommunications field. One of the main tasks of our committee has been to publish an IETE Quarterly Newsletter and keep the corporate members and members updated about the latest developments and happenings in the Centre and strive to publish selected articles on Electronics & Computer Sciences Engineering. The Newsletter will be published quarterly, starting in November 2020.

We at IETE Kalaburagi Center will strive to create an environment for nurturing innovation, creativity, and excellence in our members and the student community through this Newsletter. The goal is to provide a common platform for engineers and researchers to face the confidently and competently challenges of competition by keeping them informed about the current situation in technical education and research and wide exposure to state-of-art practices.

We have to the date 05 IETE Student Forums from various engineering colleges located in and around Kalaburagi. Our Centre is helping engineering students to do their internships. IETE is actively participating in conducting various seminars, workshops, training, etc. in association with the ISFs at their colleges and at the IETE Centre. We would like to increase such activities to help the ISFs in the coming months.

I welcome suggestions to enable us to enhance the activities of the Kalaburagi center collectively.

Stay healthy and stay safe!

Warm regards

Dr. Lakshmi Patil
Chairman, IETE Kalaburagi Center

IETE GOVERNING COUNCIL MEMBERS

Dr. Basavaraj Gadde Sir,
GC Member, IETE Delhi

Dr. Shubangi D. C.
Nominated GC Member, New Delhi.

ACTIVITIES/EVENTS CONDUCTED AT THE
CENTER

EVENT 1: ONE DAY INTERNATIONAL SEMINAR ON “ROBOTICS AND CONCEPTUAL THINKING IN HIGHER EDUCATION”

One Day International Seminar On “Robotics and Conceptual Thinking In Higher Education Organized by **sharnbasva university** in association with IETE Conducted on **30/04/2023**. Resource Person: **Dr. Parameshachari B.D.** International Seminar on Robotics and Conceptual Thinking in Higher Education, an exclusive platform that brings together experts, educators, researchers, and industry professionals from around the globe.
No of participants attended: 200

One Day International Seminar On “Robotics and Conceptual Thinking In Higher Education

EVENT 2: ONE DAY WORKSHOP ON PYTHON PROGRAMMING

One day Workshop on Python Programming Organized by **sharnbasva university** in association with IETE Conducted on 24/05/2024. Resource Person: **Ms. Trupti**. To understand why Python is a useful scripting language for developers. To learn how to design and program Python applications. Learn how to use lists, tuples, and dictionaries in Python programs. To learn how to identify Python object types.

One day Workshop on Python Programming

EVENT 3: ENGINEERING SOLUTIONS USING GRAPHICAL PROGRAMMING

A Technical talk on “Engineering Solutions Using Graphical Programming” Organized by **sharnbasva university** in association with IETE Conducted on 07/04/2024. Resource Person: **Mr. Sunil Kumar V.** LabVIEW, short for Laboratory Virtual Instrument Engineering Workbench, is a powerful graphical programming environment developed by National Instruments. It allows users to design measurement, automation, and control systems through a visually intuitive interface.
