

Report on IETE SOUTH ZONE SEMINAR AND ISF CONGRESS 2026

Organizing by
INSTITUTION OF ELECTRONICS & TELECOMMUNICATION ENGINEERS (IETE) KALABURAGI CENTRE, KALABURAGI

In Association with
Sharnbasva University, Kalaburagi

1. The IETE South Zone Seminar and ISF Congress 2026 Introduction

The IETE South Zone Seminar and ISF Congress 2026 was organized by the Institution of Electronics and Telecommunication Engineers (IETE), Kalaburagi Centre, in association with Sharnbasva University, Kalaburagi, on 27th and 28th March 2026. The theme of the seminar was “AI-Driven Innovation for the Future of Telecommunication and Intelligent Systems.” The event aimed to highlight the growing role of Artificial Intelligence in advanced communication networks and intelligent technological systems. Along with the seminar, a Technical Project Exhibition and Poster Presentation Expo-2026 was organized to provide students with a platform to showcase their innovative ideas and technical expertise in emerging technologies such as Artificial Intelligence, Internet of Things (IoT), and Robotics.

2. Event Details

Particular	Details
Event Name	IETE South Zone Seminar & ISF Congress 2026
Theme	AI-Driven Innovation for the Future of Telecommunication and Intelligent Systems
Organized By	IETE Kalaburagi Centre
In Association With	Sharnbasva University, Kalaburagi
Dates	27th & 28th March 2026
Time	11:00 AM – 2:00 PM
Program	B.Tech Students
Students Attended	300
Staff Attended	25
Activity In-charge	Prof. Bannamma G. Patil

3. Inauguration of IETE Zonal Seminar & ISF Congress - 2026

The Inauguration of the IETE Zonal Seminar & ISF Congress - 2026 was held on 28th March 2026 at 11:00 AM at Sharnbasva University, Kalaburagi, in association with the Institution of Electronics and Telecommunication Engineers (IETE). The event marked the formal commencement of the two-day seminar focused on technological innovation and academic collaboration.

The inauguration was graced by the esteemed presence of Dr. Dakshayini S. Appa, Hon'ble Chancellor of Sharnbasva University and President of Sharnbasveshwar Vidya Vardhaka Sangha and Basavaraj S. Deshmukh, Secretary of Sharnbasveshwar Vidya Vardhaka Sangha and Member of the Board of Governors of Sharnbasva University, along with Anilkumar G. Bidve, Vice-Chancellor of Sharnbasva University. The Chief Guest for the occasion is Sri. Sunil, President of the Institution of Electronics and Telecommunication Engineers, New Delhi. Their presence added great significance to the event and highlighted the importance of collaboration between academia and professional bodies.

The Governing Council members of IETE attended the ceremony as Guests of Honour, including V. Gunasekhar Reddy, Shiv Kumar, M. H. Kori, R. D. Kharadkar, Ajay Kumar, V. K. Panday, K. Gnaneshwar Rao, K. Jaya Sankar, Baswaraj Gadgay, A. Sarveshwara Rao, Ashwani K. Sangamker, and K. Seetha Ram Babu. Their participation enriched the event by bringing together diverse perspectives from academia, industry, and professional organizations.

The inauguration ceremony was graced by Dr. Dakshayini S. Appa, Sri. Basavaraj S. Deshmukh, Sri Sunil, President of IETE, Netw Delhi and all Governing Council members of IETE New Delhi with officers of the Sharnbasva University and Chairman, IETE Kalaburagi Center who formally inaugurated the event.

The award, known as the Shri P. Malhotra Memorial Award, is given every year to the best universities across the country. It was presented by IETE President Prof. Sunil to Chancellor Matoshree Dr. Dakshayini Avvaji during the inauguration of the IETE South Zone Seminar and ISF Congress.

The Best Institute Award Shri P. Malhotra award is presented by IETE President Prof. Sunil to Chancellor Matoshree Dr. Dakshayini Avvaji during the inauguration of the IETE South Zone Seminar and ISF Congress

During the Inauguration function , IETE Kalaburagi center awarded the best three ISF and three ISF Co-ordinator.

The best ISF award is given to the following:

1. GND College of Engineering, Bidar
2. Lingraj Appa Engineering College, Bidar
3. Sharnbasva University, Kalaburagi

The Best ISF Co-ordinator is given to the following:

1. Dr. Pradeep Reddy, GND College of Engineering, Bidar.
2. Dr. Sharanbasappa Shetkhar, Lingraj Appa Engineering College, Bidar
3. Prof. Bannamma Patil, Sharnbasva University, Kalaburagi

Glimpses of Best IFS Award presented

Glimpses of Best Coordinator

The inaugural session was presided over by Lakshmi Patil Maka, Chairman of the IETE Kalaburagi Centre and Registrar of Sharnbasva University. The ceremony marked the official launch of the seminar activities and set the stage for discussions on AI-driven innovations in telecommunication and intelligent systems, bringing together experts, researchers, faculty members, and students from various institutions.

The inauguration concluded with inspiring addresses from the dignitaries, emphasizing the role of Artificial Intelligence, advanced communication technologies, and interdisciplinary research in shaping the future of

telecommunication and intelligent systems. The event provided an excellent platform for knowledge exchange, networking, and academic collaboration.

4. IETE South Zone Seminar

The **IETE Zonal Seminar** aimed to bring together academicians, researchers, industry professionals, and students to discuss the latest advancements and emerging trends in Artificial Intelligence for telecommunication and intelligent systems. The seminar provided a platform for knowledge sharing, collaboration, and discussions on the role of AI in shaping future communication technologies, smart networks, and intelligent automation.

Resource Persons:

- Dr. R. D. Kharadkar, Vice President, Zonal Mentor (West)
- Dr. M. H. Kori, Vice President & Chairman BoRIS

3. Seminar Description

The seminar focused on the transformative role of Artificial Intelligence in modern telecommunication systems. AI technologies enable faster, reliable, and efficient communication networks through:

- Predictive maintenance of telecom infrastructure
- Automated network management
- Intelligent traffic routing in 5G and advanced networks
- Real-time data analysis for smart systems

These innovations contribute to the development of smart cities, IoT ecosystems, and autonomous systems, enabling seamless communication and intelligent decision-making.

Session by Dr. R. D. Kharadkar, Vice President, Zonal Mentor (West)

An informative seminar delivered by our distinguished Dr. M. H. Kori, Vice President & Chairman BoRIS.

4. Project Exhibition and Poster Presentation Expo-2026

A Technical Project Exhibition and Poster Presentation was conducted on 27th March 2026 from 2:00 PM to 5:00 PM at the Seminar Hall of the Department of Computer Science & Engineering, Faculty of Engineering & Technology (Exclusively for Women), Sharnbasva University, Kalaburagi. The event was organized to provide students with an opportunity to showcase their innovative ideas, technical knowledge,

and research skills. The exhibition was evaluated by a panel of distinguished judges including **Vinita Patil**, Principal of **Lingraj Appa Engineering College, Bidar**, and **Juhi Nishat Ansari**, Associate Professor at **PDA College of Engineering, Kalaburagi**. Students from various departments such as **Computer Science and Engineering (CSE)**, **Artificial Intelligence and Machine Learning (AIML)**, **Electronics and Communication Engineering (ECE)**, **Electrical and Electronics Engineering (EEE)**, and **Civil Engineering** actively participated in the event. A total of **150 students** from the **4th and 6th semester B.Tech programs** presented their projects and posters during the exhibition.

Glimpses of Students presenting their innovative projects to the evaluator at the Project Exhibition 2026.

Due to the large number of innovative entries, the competition was categorized into **Hardware Projects** and **Software Projects**. In the hardware category, students demonstrated innovative working prototypes related to **embedded systems, robotics, and electronic devices**, while in the software category students developed applications and systems using modern technologies such as **Artificial Intelligence, machine learning, and web-based platforms**. In addition to project demonstrations, students also participated in a **Poster Presentation**, where they explained their research ideas through structured presentations including the **problem statement, objectives, methodology, results, and conclusions**. The posters were designed using visual elements such as charts, diagrams, and illustrations to clearly communicate the concepts and outcomes of their work.

At the end of the event, a **Prize Distribution Ceremony** was conducted to recognize outstanding performances. **First, Second, and Third prizes** were awarded in the categories of **Software Projects**,

Hardware Projects, and Poster Presentations. The winners received certificates and appreciation from the dignitaries and organizers, which served as motivation for students to continue pursuing innovation and research. The event also contributed significantly to students' learning outcomes by enhancing their **understanding of emerging technologies such as Artificial Intelligence, Internet of Things (IoT), and Robotics**, while also improving their **technical presentation skills, communication abilities, teamwork, and problem-solving capabilities**. Overall, the exhibition provided a valuable platform for experiential learning and encouraged students to develop innovative solutions to real-world problems.

Prize Winners List

The **Project & Poster Expo - 2026** was conducted as part of the technical activities associated with the **IETE Zonal Seminar and ISF Congress - 2026** at **Sharnbasva University, Kalaburagi**. Students from various engineering institutions presented innovative projects and research posters. The entries were evaluated by an expert panel, and prizes were awarded to the best performers in **Software Projects, Hardware Projects, and Poster Presentation** categories.

Software Project Winners

Prize	Name	Project Title
1st Place	Hasan, Shoaib, Irfan	Secure Attend Multilayer Presence Verification System (LAEC Bidar)
2nd Place	Soumya, Saniya Anjum, Saniya Naaz, Syeda Rabiya	Udaan Saakhi (CSE FETW)
2nd Place	Sumeet N. A., Shriraksha N. D., Shreya S. P.	AI Outfit Colour Matcher (AIML PDAEC)
3rd Place	Sanjana Dongre, Sanjana, Swati Talwar	EV India Charge Hub (CSE FETW)
3rd Place	Daneshwari, Bhargavi, Chaitanya B., Kadambini	AI Teacher for Cyber Security (CSE FETW)

Hardware Project Winners

Prize	Name	Project Title
1st Place	Maheboob, Darshan Sangolagi, Rakesh, Vinyaka	Multifunctional Battery-Operated Drive (EEE, FET Co-ed, SUK)
2nd Place	Avishkar Bidve, Sagar S. Barude, Sujay S. T., Gurangouda H.	Unnamed Ground Vehicle (EEE, FET Co-ed, SUK)
3rd Place	Santoshi, Abhishek, Nageshwari	Tricontroller Robot (ECE, LAEC Bidar)

Poster Presentation Winners

Prize	Name	Project Title
1st Place	Shubam , Mahesh, Varun and Aditya Patil	E-way Connect
2nd Place	Soumya, Saniya Anjum, Saniya Naaz, Syeda Rabiya	Smart Waste Management System (CSE FETW)
2nd Place	Ashwini	Smart AI Powered Traffic Management & Social Safety System using Arduino Barrier Control Real-Time Intelligence (LAEC Bidar)
3rd Place	Shifa, Chaitanya, Soumyarani	Smart Warehouse: Moisture Monitoring & Theft Detection for Crop (ECE FETW)

Distribution of Prize winners of project and Poster Expo

Sharnbasva University receives IETE national award for best university

The Hindu Bureau KALABURGI

Sharnbasva University has been conferred the prestigious P.P. Malhotra Memorial Award for Best University by the Institution of Electronics and Telecommunication Engineers (IETE), recognising its excellence at the national level.

The award was formally presented by IETE president Sunil to Chancellor Dakshayini Avvaji at the inauguration of the IETE South Zone Seminar and ISF Congress held on the university's main campus in Kalaburgi on Saturday.

Accepting the honour, Ms. Avvaji said the award had earlier been received by Sangha Secretary Basavaraj Deshmukh at the IETE annual convention, and thanked the organisation for presenting it again at the university. She dedicated the recognition to the founder Chancellor, late Sharanbasappa Appaji, describing it as a tribute to his lifelong efforts in building educational institutions under the Sharanbasaveshwar Vidyā Vardak Sangha.

"This recognition is the result of Mr. Appaji's vision and dedication. It is, in many ways, a lifetime achievement award for him," she said.

Ms. Avvaji said such honours bring greater responsibility to strengthen the institutions and realise the vision of developing Sharnbasva University into one of the top 100 universities in the world.

She called upon students to focus more on research and innovation, noting that IETE had honoured several students and institutions for excellence in research, paper presentations and poster presentations during the event.

The university felicitated IETE office-bearers on the occasion. Awards were also presented to students and colleges for outstanding contributions in research and development activities.

Registrar of Sharnbasva University, who is also chairman of the IETE Kalaburgi Centre, welcomed the gathering. Among those present were Sangha secretary Basavaraj Deshmukh, Vice-Chancellor Prof. Anilkumar Bidve, Registrar (Evaluation) S.H. Honnalli, Dean Shivkumar Jewalg, finance officer Kiran Maka, dean (Research) Sujata Mallapur and others.

New mobile broadcast technology promises internet free access

Prof. Sunil explained that terrestrial TV signals, decoded by Tejas Networks' chipset, deliver multimedia to mobile devices, bridging the digital divide and aiding emergency alerts in remote areas

KALABURAGI

A new Direct-to-Mobile broadcasting technology developed by IIT Kanpur is set to transform the way digital content is delivered, said Prof. Sunil at a seminar in the city.

Prof. Sunil said the system uses terrestrial TV broadcast signals to send multimedia content. Mobile devices equipped with a special receiver chip can access this content, similar to traditional television signals. The technology uses an indigenously

developed chipset by Tejas Networks, which helps decode the signals efficiently. Highlighting its importance, he said the innovation will help bridge the digital divide, especially in rural and remote areas where internet access is limited. It can also

play a vital role in disaster management by sending emergency alerts directly to people. He emphasized the need for self-reliance in technology and said initiatives like "Make in India" should expand beyond manufacturing to research and development. He pointed out that such innovations reduce dependence on foreign technologies. The technology is also being integrated into smartphones and laptops, enabling wider access. Experts believe this advancement will greatly benefit education, communication and public safety systems across the country.

ಡೈರೆಕ್ಟ್ ಮೊಬೈಲ್ ಪ್ರಸಾರ ತಂತ್ರಜ್ಞಾನ ವರ್ಗಾಯಿಸುವ ಪ್ರಕ್ರಿಯೆ ಸುಲಭ

ಕಲಬುರಗಿ, ಮಾರ್ಚ್ 29: ಇತ್ತೀಚಿನ ತಂತ್ರಜ್ಞಾನಗಳನ್ನು ಬಳಸಿಕೊಂಡು ಡೈರೆಕ್ಟ್-ಟು-ಮೊಬೈಲ್ ಪ್ರಸಾರ ತಂತ್ರಜ್ಞಾನದ ಪ್ರಗತಿಪರ ಅಭಿವೃದ್ಧಿಯು ಮೊಬೈಲ್‌ಗಳಿಂದ ದೇಶದಾದ್ಯಂತ ವರ್ಗಾಯಿಸುವ ಪ್ರಕ್ರಿಯೆಯನ್ನು ಸುಲಭಗೊಳಿಸುತ್ತದೆ ಮತ್ತು ಇಂಟರ್ನೆಟ್ ಸಂಪರ್ಕದ ಅಗತ್ಯವಿಲ್ಲದೆ ರೈಲ್ವೆ ಚಿರಂಜೀವಿ ಕಾರ್ಯಕ್ರಮಗಳು ಮತ್ತು ಕಾರ್ಪೊರೇಟ್ ಸಭೆಗಳಲ್ಲಿ ಕಳುಹಿಸಿಕೊಡುತ್ತದೆ ಎಂದು ಎಲೆಕ್ಟ್ರಾನಿಕ್ಸ್ ಮತ್ತು ಇಂಜಿನಿಯರಿಂಗ್ ಇನ್‌ಸ್ಟಿಟ್ಯೂಟ್ ಆಫ್ ಇಂಡಿಯಾ (ಎಐಐಟಿ) ಅಧ್ಯಕ್ಷ ಪ್ರೊ. ಸುನೀಲ್ ಹೇಳಿದರು.

Sharnbasva University wins prestigious national IETE award

KALABURAGI

Sharnbasva University received a prestigious national level award from the Institution of Electronics and Telecommunication Engineering (IETE) at a grand function held on its main campus on Saturday.

The award, known as the Shri P Malhotra Memorial Award, is given every year to the best universities across the country. It was presented by IETE President Prof Sunil to Chancellor

Matoshree Dr Dakshayani Avvaji during the inauguration of the IETE South Zone Seminar and ISF Congress.

Accepting the honor, Dr Avvaji said the award had earlier been formally given to Sangha Secretary Basavaraj Deshmukh at the IETE annual convention.

She thanked the IETE team, especially Prof Sunil, for personally presenting the award in

standards and work towards making the university one of the top institutions globally. She also encouraged students to focus on research, innovation, and development for the benefit of society. During the event, several students and colleges were also honored for their achievements in research, presentations, and other academic activities. University officials and dignitaries were present on the occasion.

IETE SOUTH ZONE SEMINAR AND ISF CONGRESS 2026

Organizing by

THE INSTITUTION OF ELECTRONICS & TELECOMMUNICATION
ENGINEERS

KALABURAGI CENTRE, KALABURAGI

**Theme: AI-Driven Innovation for the Future of Telecommunication
and Intelligent System**

In association with

Sharnbasva University, Kalaburagi

Date: 27th and 28th March 2026

ABOUT IETE: The Institution of Electronics and Telecommunication Engineers (IETE) is a leading professional society that was founded in 1953. IETE is the largest Professional body of Engineers in India with around 1,25,000 members and 64 Centers in India and abroad. IETE has been recognized as a Scientific and Industrial Research Organization (SIRO) of National Eminence by the Government of India. IETE is providing opportunity to attain higher technical qualifications to the under privileged students who cannot afford to go to regular Engineering Colleges and Universities. IETE has about 70,000 such students on roll pursuing various Degree and diploma programmes in Electronics and Telecommunication, Computer Science and Information technology. IETE is involved in hosting other professional activities; Technical Publications like Journal of Research, Technical Review and Journal of Education, grant of Research fellowships and institution of 'Recognition and Excellence' awards for various achievement i n the field of Electronics, Telecommunication and Information Technology. IETE has 65 Centers, spread all over India including two outside, one at Kathmandu, Nepal and other at Perth, Australia.

ABOUT IETE KALABURGI CENTER: The Institution of Electronics and Telecommunication Engineers (IETE) Kalaburagi Centre is a regional chapter dedicated to promoting professional excellence and technological advancement in the fields of electronics, telecommunication, computer science, and information technology. The centre serves as a platform for engineers, academicians, researchers, and students in and around Kalaburagi to enhance their technical knowledge and professional skills. Earlier functioning as a **Sub-Centre**, it was **officially recognized as a full Centre in 2024**. At present, the centre has **280+ professional members, 400+ student members, and 3 institutional members**, along with an **active IETE Student Forum (ISF)**. Through activities such as technical seminars, workshops, conferences, expert lectures, and student development programs, the centre encourages innovation, research, and industry-academia interaction. It also supports engineering institutions by fostering student forums, organizing technical competitions, and providing opportunities for networking and professional growth among members and aspiring engineers.

ABOUT UNIVERSITY: Sharnbasva University, Kalaburagi, established in 2017, is the first private multidisciplinary university in North Karnataka, offering quality education across diverse fields such as Engineering, Management, Science, Commerce, Architecture, Pharmaceutical Sciences, Humanities, and Social Sciences. Backed by the century-old legacy of *Sharnbasveshwar Vidya Vardhak Sangha (SVVS)*, the University upholds a strong tradition of excellence and inclusivity. The Sangha pioneered women's education by starting the first girls' school in 1934 and later established the first exclusive engineering college for women in North Karnataka. Today, Sharnbasva University continues this legacy by empowering women, promoting innovation, and shaping future-ready graduates. The University continues to inspire excellence through innovation, inclusivity, and global collaboration in higher education.

ISF Congress: The **ISF Congress** is a flagship student event organized under the Institution of Electronics and Telecommunication Engineers (IETE) Kalaburagi Centre through its **IETE Student Forums (ISF)**. It provides a common platform for student members from different engineering colleges to come together and showcase their technical knowledge, creativity, and innovation in the fields of electronics, communication, and emerging technologies. The ISF Congress aims to encourage collaboration, enhance technical competencies, and promote research culture among engineering students while strengthening the interaction between students, faculty, and professionals associated with IETE. The congress is organizing the following events:

- Seminar delivered by academicians and industry professionals.
- Project exhibitions by the students.

ABOUT ZONAL SEMINAR: The rapid evolution of **Artificial Intelligence (AI)** is transforming the landscape of modern telecommunication and intelligent systems. From autonomous networks to intelligent data analytics, AI technologies are enabling faster, smarter, and more reliable communication infrastructures.

This **IETE Zonal Seminar** aims to bring together **academicians, researchers, industry professionals, and students** to explore the latest advancements, emerging trends, and innovative applications of AI in telecommunication and intelligent systems. The seminar will serve as a platform for knowledge sharing, collaboration, and discussion on how AI can shape the future of communication technologies, smart networks, and intelligent automation.

Objectives

- To highlight the role of Artificial Intelligence in next-generation telecommunication networks.
- To discuss recent research developments and technological advancements in intelligent systems.
- To encourage collaboration between academia, research organizations, and industry.
- To promote innovation and interdisciplinary research in AI-enabled communication technologies.
- To provide a knowledge-sharing platform for experts, faculty members, and students.

Expected Outcomes

- Participants will gain insight into emerging AI technologies in telecommunication.
- Exposure to latest research trends and innovative applications in intelligent systems.
- Strengthening collaboration between academia and industry professionals.
- Enhancement of research interest among students and young researchers.
- Development of future research directions and innovative solutions in communication technologies.

Who Should Attend?

- Faculty members from Engineering and Technology institutions
- Researchers and Ph.D. scholars
- Postgraduate and Undergraduate students
- Industry professionals and engineers working in telecommunications and AI
- Members of IETE and other professional societies

Why Participate?

- Learn from Experts: Gain insights from leading academicians and industry professionals on emerging AI technologies.
- Explore Innovations: Understand the latest developments in AI-driven telecommunication and intelligent systems.
- Networking Opportunities: Interact with researchers, faculty members, and industry experts.

Project Exhibition: Project & Poster Expo – 2026 will be organized on Friday, 27 March 2026 from 02:00 PM onwards as a Technical Project Exhibition and Poster Presentation Competition. The event is open to undergraduate and postgraduate students from circuit branches, encouraging them to present innovative and practical ideas through working models or technical posters.

Rules and Regulations

- Students must bring their own Laptop and electronic accessories like junction box and cables needed for their projects.
- Only working models will be allowed.
- Judge's decision will be final.

Judging Criteria will be based on

- Impact on Society
- Innovation

Eligibility

- Open to **Undergraduate and Postgraduate students of Circuit Branches.**

Guidelines

- Individual or Team Participation Allowed
- Project or Poster related to Circuit Branches
- Innovative and Practical Ideas Encouraged
- Work must be Original
- Bring Necessary Components for Demonstration

Last Date for Registration: 20-03-2026, **Registration link:** <https://forms.gle/jz4hyp181mHZ6VdT8> or scan the QR code to register.

For more details contact the Faculty Coordinators:

- **Dr. Shruti S. A** – 9739065555
- **Ms. Priyadarshini** – 7353429639

Program Schedule

Day 1: 27-03-2026 (Friday)

09:30 AM: Registration
10:00 AM: Inauguration
11:00 AM: Expert Lecture 1: Artificial Intelligence Innovation for the Telecommunication
(Dr. M. H. Kori, Vice President and Chairman BoRIS, IETE New Delhi)
12:00 AM: Expert Lecture 2: AI-Driven Innovation for the Future of Telecommunication and
Intelligent System
(Dr. R. D. Kharadkar, Vice President, Zonal Mentor (West), IETE New Delhi)
01:00 PM: Lunch
02:00 PM: Project Exhibition

Day 2: 28-03-2026(Saturday)

10.30 AM: Inauguration
10.45 AM: Address by Chairman, IETE Kalaburagi Centre
11.00 AM: Address by Zonal Mentors
11.30 AM: Address by President, IETE New Delhi
11:45 AM: Distribution of Awards to South Zone Best ISF Awardees
12.00 AM: Distribution of Awards best projects
12.30 AM: Address by Vice-President, IETE New Delhi
01:00 PM: Address by Chancellor, Sharnbasva University, Kalaburagi
01:30 PM: Lunch
02.30 PM: Brainstorming Session on AI
